We're here to assist you
with the entire process
from start to finish

OUR STORY

The Jacks team has been producing custom chips since 2013 for Australian and International clients.

We take pride in ensuring every stage of the process is clearly communicated, from the design stage all the way to delivering the completed chip.

3 SIMPLE STEPS

CHOOSE A FINISH

We currently offer 3 grades of custom chip

- Fully printed ceramic (Non casino grade) 10g
- Fully printed ceramic (Casino grade) 10g
- Hybrid ceramic w/ laminated inlay (Casino grade) 8.5g

DESIGN WITH US OR YOURSELF

Enlist our design team to create your design, or download our templates and create yourself.

PRODUCTION

Once design files are approved, we will make a prototype chip for your final approval. Once approved, chips will typically be delivered 3-6 weeks later.

CHOOSE A FINISH

CERAMIC 10G

DESIGN

OPTION 1 - USE A TEMPLATE

Use one of our templates and customise with your text, logo and colours. We will send you our full portfolio of designs.

OPTION 2 - FULL CUSTOM

Nothing standing out?

No problems! Our design team is here to work on your project and prepare something to your exact specifications.

PRODUCTION

TYPICAL PRODUCTION TIMES 4-6 WEEKS

From the point of finalised artwork and payment being received,
please allow 4-6 weeks for delivery.

From idea to physical
watch your custom chip
transform from design to physical

REALITY

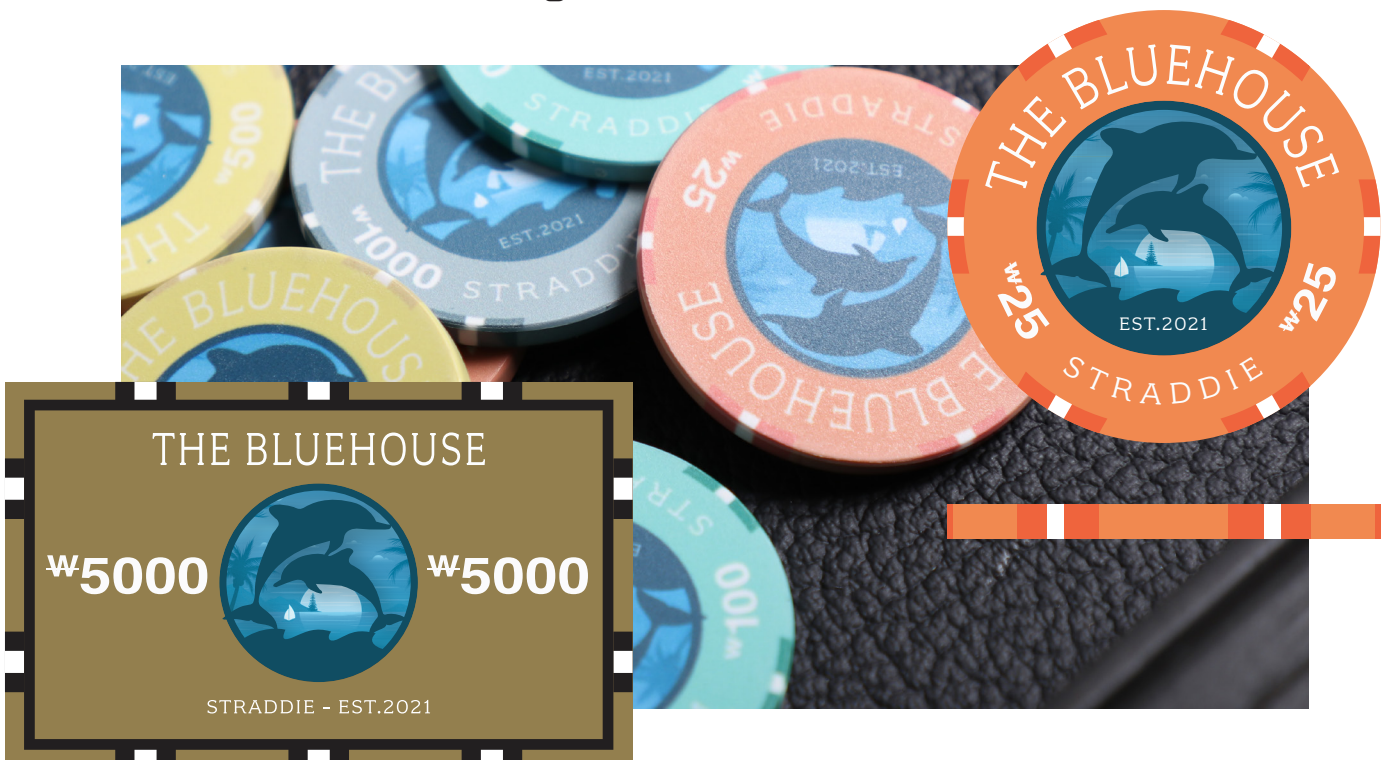

QUALITY

A prototype of your design will be made at no additional charge to review before bulk production. At this stage, you are still able to adjust the design or colours until you are 100% satisfied.

EXPERT ADVICE

Between our team and the factories, we have decades of experience to ensure that your job is handled correctly. If you have concerns about the design or finish, we are here to assist.

NEXT STEPS

REVIEW OUR DESIGNS

Download or request our Catalogue of previous designs and completed jobs. This is a great start for inspiration!

ORDER A CUSTOM SAMPLE

Check out the different finishes with a sample, shipped direct to your door. Choose your finish or request a mix.

CONTACT OUR TEAM

We are here to talk you through each step of the project, as well as pricing.
